Upgrade Your SZR to an MNSP Solution

GILBARCO CERTIFIED | SECURE REMOTE ACCESS | PAYMENT GATEWAY

Did you know Acumera, a Gilbarco certified Managed Network Service Provider (MNSP), is the safest choice for network connectivity, security, visibility and PCI compliant remote access?

As an approved MNSP, Acumera:

- Can convert an existing Gilbarco secure zone router into a payment gateway

- Provides AcuLink™ remote access to quickly and securely connect to the Gilbarco help desk and other critical endpoints (like the Passport POS, DVRs, and ATGs) with a simple one-click activation and auto disconnect

- Helps owners and operators prepare for outdoor EMV

- Delivers unmatched visibility of networks through the AcuVigil™ cloud-based dashboard and apps

- Gives stores the option to add tank gauge visibility and monitoring for virtually any ATG

- Maintains a US-based Network Operations Center (NOC) that provides proactive, 24xz7x365 network support

OPTIONAL:
Add Skupos for scan data incentives, product discounts, and real-time analytics

Learn how you can upgrade your SZR to Acumera's MNSP solution. Get details at 512.687.7410 or sales@acumera.net.
